READ ALL INSTRUCTIONS CAREFULLY BEFORE INSTALLING. FAILURE TO DO SO MAY CAUSE PERSONAL INJURY OR DAMAGE TO PRODUCT AND/OR PROPERTY

- This installation guide is provided as a GENERAL installation guide, some vehicles vary and may require additional steps. We do not accept responsibility for third party labor charges or modifications. Exercise due-diligence when installing this product.
- We do not accept any responsibility for vehicle damage or personal injury resulting from the installation of this product.
- Careless installation and operation can result in equipment damage

Requirement:

Porsche CR-1 and CR-2 cassette radios

Take the time to read through this installation guide. Familiarity with installation and operation procedures will help you obtain the best performance from your new Bluetooth module.

Introduction:

Just because you drive an older car does not mean you have to settle for old technology. Porsche 911, 944, 964, 968, 993 **with a CR-1 or CR-2 radios** are able to support Bluetooth for streaming while on the road. The BT2-CR12 (formerly BLU-CR12) adapter brings these classic cars up to speed without sacrificing the original radio or dashboard components. Stream Apple music, GPS, audio books and other important applications from Smartphone, Kindle, Tablet and more.

The BT2-CR12 works on Porsche CR-1 and CR-2 radios only. CD changer (if present) must be disconnected and will no longer function- but to retain use of the CD changer, purchase our [BTA-CR12](#) instead.

Installation:

Radio must be removed from dashboard to gain access to connector.
(CR-1 and CR-2 radios do not require special removal tools for removal)

1. Pry off plastic trim ring from around radio. (This exposes mounting points)

2. Locate flat plate with latch on either side of radio. These plates drop downward to lock the radio into frame. (See Fig. 1)

Fig. 1

3. Use small flat head screwdriver (etc.) to raise plate (both sides) while simultaneously pulling radio from the dash.
Tip: Grasping cassette opening provides some leverage or remove glovebox to push radio from rear.
4. If present, disconnect CD changer plug from radio 13-pin socket
5. Connect 13-pin plug from module (See Fig. 2) to radio 13-pin socket (See Fig. 3/4)

Pairing

Pairing process varies between devices but basic steps are the same. Pairing is done upon initial install and will not have to be repeated.

1. Turn ignition and radio "ON"
2. From your Bluetooth enabled device, turn the Bluetooth ON and search for Bluetooth devices.
3. When a list of available Bluetooth devices appears on your Bluetooth device, select "DisCarSt" (See **Fig. 13**)
4. Confirmation "tone" is heard on car speakers.
5. The unit will automatically enter the BT Audio source and you can now start streaming audio from your Bluetooth enabled device.

Note: If the mobile phone doesn't support SSP (Simple Secure Pairing) Profile, please enter the pass code of "0000"

Frequently ask questions & troubleshooting

- 1. Does the BT2-CR12 work on all Porsche radios?**
NO; The BT2-CR12 works only on Porsche CR-1 and CR-2 radios.
- 2. Does the BT2-CR12 work on Porsche CD-1 and CD-2 radios?**
NO; The BLT2-CR12 works only on Porsche CR-1 and CR-2 radios.
- 3. My Porsche has optional CD changer, will the BLU-CR12 work?**
The CD changer (if present) must be disconnected. Purchase our [BTA-CR12](#) to retain CD changer functionality.
- 4. My radio is not switching to CD mode. What can I do?**
If radio does not switch to CD mode, try resetting module by cycling ignition key ON/OFF a couple times.
- 5. Can I use the radio buttons to control music streaming device?**
YES; Use the radio SEEK button to track u/down from within playlist
- 6. Will I be able to make hands-free calls?**
NO; For hands-free calls purchase our [BT3-CR12](#)
- 7. What happens when I receive a call while streaming?**
Music will mute and call number announced on car speaker. Answer call using handset. Music streaming resumes as soon as call ends.
- 8. Can I pair or save more than one device to the BT2-CR12?**
YES; more than one device (slaves) can be paired however only one connection can be active at a time.
- 9. Will I be able to stream music and use GPS application at the same time?**
YES. Streaming is interrupted momentarily during GPS guidance.
